FINANCE DEPARTMENT

November 29, 2012

Mayor and City Council
Citizens of the City of Douglas, Arizona

The Arizona Auditor General Office requires all local government entities to file a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with the generally accepted auditing standards by a licensed certified public accounting firm with their office by October 31st or by February 28th of each year if an automatic extension is requested. Pursuant of that requirement, we hereby issue the comprehensive annual financial report of the City of Douglas, Arizona for the fiscal year ended June 30, 2012.

The report consists of management's representations concerning the finances of the City of Douglas, Arizona. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Douglas, Arizona has established a comprehensive internal control framework that is designed both to protect the government assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of City of Douglas's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Douglas's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The financial statements contained herein have been audited by CliftonLarsonAllen LLP a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Douglas, Arizona for the Fiscal-Year-Ended June 30, 2012 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amount and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statements presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion of City of Douglas's financial statements for the Fiscal-Year-Ended June 30, 2012, and that they are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Douglas's MD&A can be found immediately following the reports of the independent auditors.

Mayor and City Council
Citizens of the City of Douglas, Arizona

The City of Douglas, Arizona is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Information related to this single audit, including the schedule of federal awards, findings and recommendations and auditors' reports on the internal control structure and compliance with applicable laws and regulations are included in the single audit report which is available for review at the City of Douglas, Arizona offices.

This report includes all funds of the City of Douglas, Arizona. The City of Douglas, Arizona provides a full range of services that includes police and fire protection; emergency medical services; water, sewer and sanitation services; the construction and maintenance of highways, streets, and infrastructure; recreational activities including an aquatic center, library, visitor center and cultural events. In addition to general government activities, the City of Douglas, Arizona reports three governmental components units: Douglas Housing Authority, Casa de Esperanza, and Pioneer Village and one business-type component unit Rancho La Perilla Apartments and, therefore, these activities are included as discretely presented component units.

Profile of the City

The City of Douglas is located in Southeastern Arizona 117 miles southeast of Tucson on the U.S./Mexico border. Although it has a population of 19,772 people, it serves a commercial market of approximately 160,000. Agua Prieta, Sonora, Mexico (just across the international border from Douglas) is a part of our market and has a population of approximately 125,000. Our two cities share an interdependent economy and culture.

Government Structure

The Douglas City government is comprised of a Mayor and six Council members, elected by City residents for four year terms. The Mayor is elected at-large, which means that registered voters from all City wards cast their ballots for the mayoral candidates. Council members are elected by registered voters from their respective wards. The Mayor and Council members have equal voting power to create, pass, or disapprove local laws, ordinances, and resolutions that govern the City. The Mayor Pro Tem is appointed by the Mayor.

The City Manager, who is appointed by the City Council, is responsible for the overall operation and supervision of the government functions within the policy directives of the City Council. As the administrative head of the City government, he is responsible for the appointment and dismissal of all employees, except for the City Magistrate, City Clerk, City Treasurer, and City Attorney who are appointed by the Mayor and Council.

Economic Condition and Outlook

The City's economy is based on the commercial exchange with Mexico. The Douglas/Agua Prieta connection continues to strengthen with the coordinated efforts of both local governments for the expansion of the existing and development of a new commercial port of entry.

Major Initiatives

The Government Center project is complete and fully functional. The Government Center was constructed through a partnership with Cochise County established by Mayor and Council that consolidated all County offices in the City and also allocates space for City areas that will be assigned to the Library and culture and recreation areas. The City invested \$2.4 million from a GADA bond and the County invested \$4.7 million. The project is a success and the City is excited to have revived the historic building and to promote downtown area traffic.

The City also initiated several street and curbing projects. The City began work to widen 10th Street from Rose Avenue to Cochise Avenue. This will help ease traffic that is coming in and out of the Call Center. The City also began work on CDBG grant funded paving and curbing of 20th Street, east of A Avenue. Work was finalized for curbing and drainage on 20th, 21st and 23rd streets, which was also funded by CDBG. The 3rd Street paving project was completed, which extended Chiricahua Avenue to Chino Road. The extension alleviates traffic congestion in the 5th Street business district and provides a better route for travelers going southbound to Mexico.

A \$1.1 million lease purchase of a new Fire Aerial Ladder Apparatus was approved by Mayor and Council. The equipment will help our Fire department combat fires from a better vantage point and also from a safer distance. With several businesses in the City that are more than one story, the presence of this equipment will provide a better chance in saving buildings and most importantly protecting lives.

The construction of Phase II of the waste water treatment plant continues as well as the construction of a new well. Mayor and Council also approved the lease purchase of a new Vacuum truck from the sewer fund. Rehab for our 300,000 gallon water reservoirs is underway. Through CDBG funding and match coming from the Water fund, the City has completed rehab one of the two tanks located in Joe Causey Park. This project ensures that water supply is stable as well as meeting the standards for clean water production.

Upcoming Year

The Mayor and Council are determined to bring the expansion of our current port of entry. The Council sees this as a major economic opportunity and is working with both federal government agencies and the Mexican government to accomplish this. In the September and October 2012 regular meetings, Mayor and Council have signed and approved resolutions in support of the expansion which includes a memorandum of understanding with the Douglas Regional Economic Development Corporation to formulate the first phase of the port of entry development project.

The City was awarded several federal grants administered through ADOT for the administration of the transit system known as Douglas Rides. The transit system was previously operated by Catholic Community Services and will be in the City's hands starting October 1, 2012. The transit system is a major source of transportation for many citizens as well as Mexican nationals that use it to visit and shop at our business districts. The transit system is also a necessity to our elderly citizens and to students using it to travel to Cochise College, which is 10 miles outside of Douglas.

Long-Term Financial Planning

The City is cautious entering the new Fiscal Year and is aware of many economic factors on the national, state and local level that may affect our City. The City experienced an increase in state shared revenue in FY 2013, but there is a possibility it could change in FY 2014 due to the sunset and/or the extension of the 1 cent sales tax at the state level coming this Spring.

With this in mind, the City is prepared to undertake these challenges and impact the essential services to our citizens a little as possible as well as determined to preserve our valuable workforce.

The General Fund reserve has increased every year since FY 2010, but not to desired levels. Our goal is to increase the reserve every year and set aside funds for capital improvement projects as well as pay-as-you-go programs. With such a volatile economic environment it has become both hard but necessary to save in order to continue keeping the City in a financially stable position.

Our enterprise funds continue to be stable due to the rate increases passed by Mayor and Council. The City is seeking new ways to make these funds more efficient through the use of new technology in the hopes of keeping rates stable.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in financial Reporting to the City of Douglas for its comprehensive annual financial report for the fiscal year ended June 30th, 2011. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

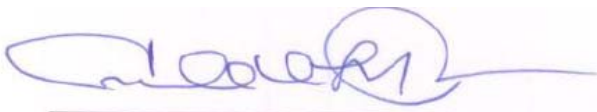

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgement

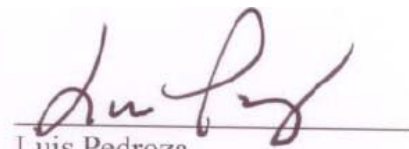

We would like to express our appreciation to each member of the Finance Department who has assisted in the preparation of this report. We are thankful for having the finance committee of the City of Douglas providing their support and having them evaluate this report. And also, thanks to our independent auditors CliftonLarsonAllen LLP for their assistance in this process.

Finally to the Douglas Mayor and City Council we extend heartfelt thanks for their support. It is their commitment to financial reporting excellence that allows the citizens of Douglas to be fully informed about their municipal government finances.

Respectfully Submitted,

Carlos De La Torre
City Manager

Luis Pedroza

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and the City Council
City of Douglas, Arizona
Douglas, Arizona

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Douglas, Arizona (City), as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Douglas Housing Corporation I (Casa de Esperanza), Douglas Housing Corporation II (Pioneer Village) and the Douglas Community Housing Corporation (Rancho La Parilla Apartments). The Douglas Housing Corporation I and II are presented as Governmental Component Units and those assets comprise 49% and 30% of the total Governmental Component Unit assets, 23% and 10% of total operating revenues and a negative 160% and 84% of total net assets of the Governmental Component Unit revenues, respectively. Rancho La Parilla comprises 100% of the assets and operating revenues reported in the Proprietary Component Unit. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the Governmental Component Units and Proprietary Component Unit, is based solely on the reports of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Douglas, Arizona, as of June 30, 2012, and the respective changes in financial position and cash flows, in conformity with accounting principles generally accepted in the United States of America.

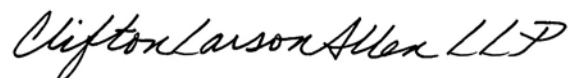

A prior period adjustment was recorded, as described in Note 3.G., to restate the governmental activities beginning net assets and the General Fund Governmental Fund financial statements for an error in the previously issued financial statements.

The Honorable Mayor and the City Council
City of Douglas, Arizona

In accordance with *Government Auditing Standards*, we have also issued a report dated November 29, 2012 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 21, the Public Safety Personnel Retirement System Schedule of Funding Progress on page 67, and the General Fund Budget and Actual Statement on pages 68 – 69 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

CliftonLarsonAllen LLP

Phoenix, Arizona

REQUIRED SUPPLEMENTARY INFORMATION

THIS PAGE BLANK

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

This section of the City of Douglas, Arizona's (City) Comprehensive Annual Financial Report presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2012. We encourage readers to consider the information presented here in conjunction with additional information presented in the financial statements.

FINANCIAL HIGHLIGHTS

- ◆ The assets of the City at the close of the most recent fiscal year exceed liabilities by \$45.3 million (net assets). Of this amount, \$7.8 million is unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors.
- ◆ Total net assets increased by \$6.7 million during the fiscal year.
- ◆ As of June 30, 2012, the City's governmental funds reported a combined ending fund balance of \$5.9 million. Of this amount, 70% is unassigned fund balance and available for spending at the government's discretion.
- ◆ At the close of the current fiscal year, unassigned fund balance for the General Fund was \$ 4.1 million or 32 % of the total General Fund expenditures of \$ 12.7 million.
- ◆ The City drew down \$0.5 million of an authorized \$10.5 million in loans financed by the Water Infrastructure Authority of Arizona.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are separated into three component sections:

1. Government-wide financial statements.
2. Fund financial statements and schedules.
3. Notes to basic financial statements.

In addition to the basic financial statements, this report also includes other supplementary information.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to private sector business.

The statement of net assets presents information on all of the City's assets and liabilities with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as useful indicators of whether the City's financial position is improving or deteriorating.

The statement of activities presents data showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of the related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal years, such as revenue from uncollected taxes or expenses from earned but unused vacation and sick leave.

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

Both of the government-wide financial statements distinguish City functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from those functions that intend to recover all or a significant portion of their costs from user fees and charges (business-type activities). The governmental activities of the City include general government, public safety (police, fire and emergency medical services), highways and streets, culture and recreation, and redevelopment and housing. The business-type activities of the City include water, sewer, and solid waste.

The government-wide financial statements include not only the City (known as the primary government), but also four legally separate non-profit corporations - three governmental component units and one proprietary component unit. The governmental units consist of Douglas Housing Authority, Douglas Housing Corporation I - Casa de Esperanza Apartments and Douglas Housing Corporation II - Pioneer Village providing HUD subsidized housing. The proprietary unit is the Douglas Municipal Housing Corporation market rate apartment complex known as Rancho La Perilla. Although legally separate from the City, these component units are discretely presented because of their governance or financial relationships to the City. Separate financial statements for these entities (with the exception of Douglas Housing Authority in which a separate report was not prepared) may be obtained at the City's Finance Department at 425 Tenth Street, Douglas, Arizona 85607.

The government-wide financial statements may be found on pages 22 - 25 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Like other state and local governments, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the City funds can be divided into two categories: governmental funds and proprietary (business-type) funds.

- ◆ *Governmental Funds* – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

The City of Douglas, Arizona maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the MPC Debt Service Fund, which are considered to be major funds. Data from the other seven funds are combined into a single aggregate presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of the combining statements elsewhere in this report.

The City of Douglas, Arizona adopts an annual appropriated budget for its General Fund by department. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The City adopts a budget by fund for all Special Revenue Funds; a budget for the MPC Debt Service Fund and the Nonmajor Capital Projects Funds is not adopted.

- ◆ *Proprietary Funds* – Proprietary funds are used to account for services for which the City charges its customers. Enterprise funds are used to report the same functions as presented in the business-type activities in the government-wide financial statements. There are three funds reported under business-type activities and those include the water, sewer, and solid waste funds. The water, sewer and solid waste funds are considered major funds.

Notes to Basic Financial Statements

The notes to basic financial statements provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements may be found on pages 34 - 66 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees and the budgetary schedule of the General Fund. Required supplementary information may be found on pages 67 – 71 of this report.

Combining Statements

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

Government-Wide Financial Analysis

Comparative data is presented on the following pages for both the governmental activities and the business-type activities along with an analysis of significant variances between the current and prior year.

Net Assets

As noted earlier, net assets may serve as useful indicators of a government's financial position. For the City of Douglas, Arizona, assets exceeded liabilities by \$ 45.3 million.

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

The largest portion of the City's net assets (81%) reflects its investment in capital assets (e.g. land, buildings, and equipment), less any debt used to acquire those assets. The City uses these capital assets to provide services to its citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, resources needed to repay this debt must be provided from other sources since the assets themselves cannot be liquidated for these liabilities.

**Table A-1
The City's Net Assets**

	Governmental Activities		Business-Type Activities		Total	
	2012	2011 Restated	2012	2011	2012	2011 Restated
ASSETS

As of June 30, 2012 the City of Douglas, Arizona was able to report positive balances in all categories of net assets. As previously discussed, approximately 81% of the resources are invested in capital assets, net of related debt. Another 2% of the resources are subject to external restrictions on how they may be used. The remaining unrestricted net assets may be used to meet the government's ongoing obligations to citizens and creditors.

The City's net assets increased approximately \$6.7 million over the prior fiscal year. Net assets invested in capital assets, net of related debt increased \$4.8 million due to the net effect of a reduction in current year debt outstanding used to acquire the assets, current year depreciation and current year capital additions and contributions. Current year debt payments (including deferred amounts on refundings and discount) were approximately \$1.7 million (including payments on capital leases). The City drew down \$0.5 million for water and sewer improvements.

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

Governmental Activities – Governmental activities increased the City's net assets by \$5.0 million. Key factors of the overall increased in net assets are as follows:

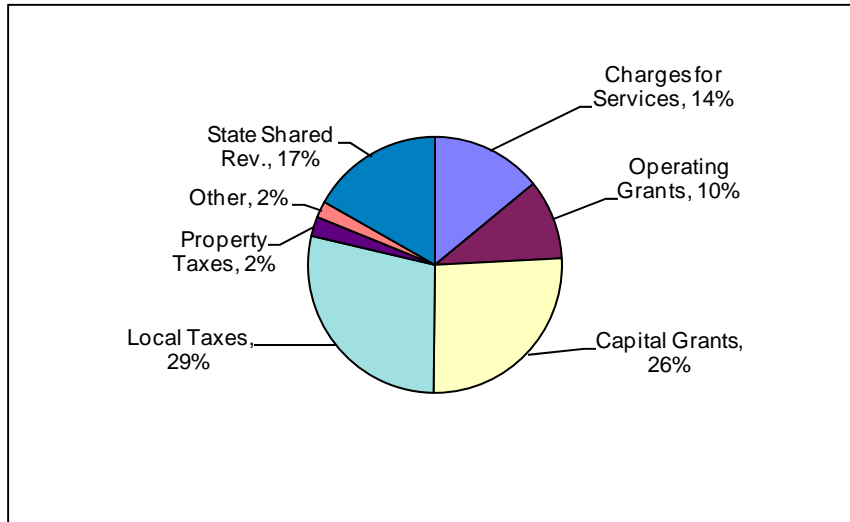

- ◆ Fees, fines and charges for services increased over the prior fiscal year (5.5%). The increase was largely due to an increase in ambulance charge rates.
- ◆ Capital grants and contributions increased \$4.7 million over the prior fiscal year. The increase was primarily the result of contributed capital recognized for the completion of the government center.
- ◆ State shared revenues and local tax revenues decreased 2.7% due to decreased consumer spending. Those revenues are expected to decrease in the upcoming fiscal year as well due to the downturn in the economy.
- ◆ Expenses remained relatively unchanged over the prior fiscal year, with the exception of a decrease in general government expenses in the amount of \$280,931 and an increase in public safety in the amount of \$486,819. The decrease in the general government expenses was due to a decrease in legal services costs compared to the prior year. Public Safety expenses increased due to the police department filling vacant positions resulting in a savings in prior years.

City of Douglas – Fiscal Year 2011/12

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

**City of Douglas Revenue by Source
Governmental Activities Fiscal Year 2011/12**

The charts on the previous page and above illustrate the City's governmental expenses and revenues by function and the City's revenues by source. As shown, Public Safety (police, fire, and emergency medical services) is the largest function in expenses (42%), followed by General Government (28%), Highway/Streets (15%), Culture/Recreation (11%), and the remaining 4% attributable to Interest. General revenues such as property taxes, state shared revenues, and sales taxes are not shown by program but are effectively used to support program activities of the City as a whole. For governmental activities as a whole, sales tax revenues is the largest source of funds (29%) followed by state shared revenues (17%) as illustrated in the above chart.

Business-Type Activities – Business-type activities increased the City's net assets by \$1.7 million.

The most significant factor accounting for the increase was a \$0.9 million increase in operating and capital grants, offset by an increase in current year expenses of \$0.3 million and a transfer to the governmental funds for \$0.5 million to allocate administrative overhead costs incurred by the governmental funds. The increase in charges for services was not significant despite an increase in service fee rates.

Water, Sewer and Solid Waste reported operating income due to an increase in its rates. Through a fee structure analysis and Mayor and Council actions to increase rates in the sewer and solid waste funds, the enterprise funds are on their way to becoming self-sufficient. In prior years, the utilities have relied on subsidies from the General Fund for operations.

City of Douglas 2011/12

**City of Douglas Revenue by Source
Business-type Activities Fiscal Year 2011/12**

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

As shown in the charts on the previous page, the largest of the City's business-type activities are water and sewer utilities. Sewer Fund expenses were just over \$1.3 million, with Water expenses at \$1.7 million, followed by Solid Waste at approximately \$0.8 million. For this fiscal year, the change in net assets in the Sewer Fund was a positive \$0.9 million while the change in net assets in the Water Fund was a positive \$0.6 million and the Solid Waste Fund was a positive \$0.1 million. The positive change in net assets in the Enterprise Funds was due to the City increasing rates to cover operating costs and an increase in capital and operating grants.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Douglas, Arizona's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Fund.

As of the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$5.9 million, a decrease of \$1.1 million from the prior year. This decrease is primarily due to the completion of several bonded capital projects during the fiscal year.

Revenues for governmental funds overall totaled approximately \$16.9 million for the fiscal year ended June 30, 2012 which represents a decrease of 1.1% or approximately \$0.2 million from the prior fiscal year. The decrease was due to less grant funding received for police operating grants and the Library's E-Rate grant. In addition local sales tax collections decreased by 0.6% or approximately \$33 thousand.

The General Fund is the chief operating fund of the City. At the end of the fiscal year, the unassigned fund balance of the General Fund was \$4.1 million. As a measure of the General Fund's liquidity, it may be useful to compare the fund balance to total fund expenditures. Unassigned General Fund balance represents 32.5% of the total General Fund expenditures of \$12.7 million.

The beginning fund balance in the City's General Fund was restated by \$0.9 million due to a correction of the loan receivable balance due from the component unit Rancho La Perilla discussed in the notes to the financial statements. Revenues and expenditures of the General Fund were consistent with prior year resulting in a net change in fund balance of \$19 thousand.

The MPC Debt Service Fund did not significantly change during the fiscal year. The MPC Debt Service Fund accounts for the principal and interest requirements on debt issued by the City's Municipal Property Corporation, blended component unit. The debt is repaid through transfers from the HURF Fund and the General Fund.

The Nonmajor Governmental Funds decreased \$1.1 million largely due to the use of capital projects fund balance carried forward from prior years for various City-wide projects.

Proprietary Funds – The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

At the end of the fiscal year, unrestricted net assets for the Water Fund were \$2.4 million, Sewer \$0.7 million, and Solid Waste \$0.8 million. The total increase in net assets for the enterprise funds was \$1.7 million largely due to capital grants used to acquire capital during the fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City did not revise the budget during the current fiscal year.

Actual revenues exceeded the budget by \$55 thousand and actual expenditures were less than budget by \$374 thousand dollars. The actual revenues were greater than budget largely due to operating grant revenues coming in greater than expected and court fines and forfeitures revenue exceeding budget due to more collections obtained during this year compared to the prior year.

The City was able to realize a savings of 3% in actual expenditures versus the budget due to substantial savings in the General Government, Management Information Systems (MIS) and Call Center departments. General Government saw savings in its fireworks line item since the City was forced to cancel its fireworks in the prior year and it also experienced savings in the Douglas Unified School District infrastructure project since no work was completed during the year. The MIS department was able to defer upgrades to its systems and also eliminate some contractual costs. The Call Center obtained savings due to the fact that the City is no longer contractually responsible for maintaining ACT's IT equipment, therefore phone and computer maintenance contracts are no longer at the City's cost.

The legal level of budgetary control is at the departmental level in the General Fund; however, the City Council monitors the General Fund as a whole and the City Manager has the authority to make budget transfers between departments in the General Fund as long as the General Fund in total does not exceed the budget.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for its governmental and business-type activities as of June 30, 2012 amount to \$53.5 million (net of accumulated depreciation). Capital assets include land and improvements, infrastructure, buildings and improvements, machinery equipment, and vehicles, and construction in progress.

**Table A-3

**CITY OF DOUGLAS, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2012**

Major capital asset events during the current fiscal year include the following:

Governmental Activities

- ◆ Upon completion of the government center project, which was a joint project performed by the City of Douglas and Cochise County, the City recorded \$4.7 million in donated assets for the County's share of construction related to the government center. The total government center was completed at a cost of \$7.2 million, which included the County's contribution and current year costs of \$1.1 million.
- ◆ Completion of the City Hall improvements for a total project cost of \$0.6 million, including \$0.1 million in current year costs.
- ◆ Completion of various infrastructure projects for total project costs of \$1.2 million, including \$0.9 million in current year costs.
- ◆ Acquisition of \$0.3 million in vehicles.
- ◆ Acquisition of nineteen golf carts through a long-term capital lease totaling \$71,676.

Business-type Activities

- ◆ Completion of the 3rd Street water line project at a total cost of \$141,000 and completion of the southwest interceptor project at a total cost of \$143,000. Total costs incurred during the current fiscal year on the projects were \$60,681 and \$14,000, respectively.
- ◆ Construction on the three-hundred thousand gallon elevated tank on 15th Street. Current year costs of \$274,000 are included in construction in progress.
- ◆ Construction on the wastewater treatment plant and system currently included in construction in progress reported \$135,000 in current year costs.
- ◆ A well obtained through a settlement agreement was recorded for \$251,900.

For government-wide financial statement purposes, capital assets were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures. Additional information on the City of Douglas, Arizona's capital assets may be found in the Notes to the Basic Financial Statements in note 3.A.4. on pages 49 - 52 of this report.

Debt Administration

At the end of the fiscal year, the City of Douglas, Arizona had total long-term obligations outstanding of \$16.9 million. The City drew down \$0.5 million from an available \$10.5 million loan financed by the Water Infrastructure Authority of Arizona for water and wastewater improvements during the current fiscal year. The current year decrease was the net effect of the issuance of debt, offset by the required principal due on outstanding debt.

The State constitution imposes certain debt limits on the issuance of General Obligation Bonds at six percent (6%) and twenty percent (20%) of the secondary assessed valuation of the City. The City has not issued any general obligation bonds. Therefore, the City's available debt margin at June 30, 2012 is \$3.4 million in the 6% capacity and \$11.2 million in the 20% capacity.

Additional information on the City's debt can be found in Note 3.E. on pages 55 - 59.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The following factors were considered when preparing the 2012-13 budget:

- ◆ A conservative economic forecast and limited revenue growth.
- ◆ A focus on preventing layoffs and furloughs.
- ◆ Continued investment in the City's basic infrastructure and public facilities combined with a careful analysis of operating costs.
- ◆ An emphasis on a "pay-as-you-go" approach to funding water and wastewater capital investments.
- ◆ Sustained funding of General Fund and Enterprise contingency/reserve funds to ensure that the City will be able to provide basic services during economic downturns or major emergencies.
- ◆ Increased contributions for Arizona State Retirement, Public Safety Retirement and increased health care insurance rates.

Both Water and Sewer rates increased this fiscal year by one dollar per month and two dollars, respectively. This increase was the continuing effort by Mayor and Council to get the enterprise funds fiscally solvent and give them the ability to not only pay for current financed infrastructure projects, but also for future "pay-as-you-go" infrastructure improvements. The increases were also staggered in order to minimize the impact to the City's ratepayers. The solid waste fund also enacted increases on January 2009 of 5 dollars to current residential rates and additional increases in 2010 and 2011 of \$3.50 and \$1.50 respectively. Due to these increases, the health of the City's enterprise funds has improved and necessary capital projects can continue.

**CITY OF DOUGLAS, ARIZONA
RECONCILIATION OF THE BALANCE SHEET
OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF NET ASSETS
JUNE 30, 2012**

Total Fund Balances for Governmental Funds \$ 5,860,991

Total net assets reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land	\$ 1,065,310	
Construction in Progress	449,802	
Land Improvements	4,673,188	
Streets and Storm Drains	15,911,232	
Buildings and Improvements	22,010,699	
Machinery, Equipment and Vehicles	14,039,380	
Total Capital Assets	58,149,611	
Less: Accumulated Depreciation	(26,533,884)	31,615,727

Some of the City's property taxes and special assessments will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as deferred revenue in the governmental funds. 47,041

Some loans receivable through the City's housing rehabilitation program are recorded as a receivable and deferred revenue in the City's Governmental Fund financial statements, but are recognized as revenue in the government-wide financial statements. 68,215

Bond issuance costs are reported as expenditures in the governmental funds and are shown net of accumulated amortization on the statement of net assets. 31,172

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of Net Assets.

Loans Payable	(9,155,000)	
Revenue Bonds	(1,365,000)	
Deferred Amount on Refunding	64,229	
Deferred Amount on Discount	7,002	
Capital Lease Payable	(431,731)	
Compensated Absence Payable	(1,211,919)	(12,092,419)

Total Net Assets of Governmental Activities \$ 25,530,727

See accompanying Notes to Basic Financial Statements.

**CITY OF DOUGLAS, ARIZONA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGE IN FUND BALANCES IN THE GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2012**

Net Change in Fund Balances-Total Governmental Funds \$ (1,072,153)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Expenditures for Capital Assets	\$ 2,765,822	
Depreciation Expense	<u>(2,918,647)</u>	(152,825)

The net effect of capital asset donations (\$4,711,213) and capital asset disposals (\$45,252).		4,665,961
-------------------------------------------------------------------------------------------------	--	-----------

Loan receivable recorded as revenue in the government-wide statement of net assets, but not yet available.

Intergovernmental Receivables - June 30, 2011	75,854	
Intergovernmental Receivables - June 30, 2012	<u>68,215</u>	(7,639)

The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net assets, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Interest and bond issuance costs are recognized as an expenditure in the governmental funds when it is due. In the statement of activities, however, interest expense is recognized as it accrues and issuance costs are amortized over the life of the bonds, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

Issuance of Long-Term Debt	(71,676)	
Amortization of Deferred Amounts on the Refunding	(25,693)	
Amortization of Deferred Amount on the Discount	(2,802)	
Repayment of Long-Term Debt	1,636,402	
Amortization of Issuance Costs	<u>(12,471)</u>	1,523,760

Delinquent and deferred property taxes receivable will be collected subsequent to year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the governmental funds.

Deferred Revenue - June 30, 2011	61,476	
Deferred Revenue - June 30, 2012	<u>47,041</u>	(14,435)

In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the City of Douglas, Arizona (City) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of the City's more significant accounting policies follows.

A. Reporting Entity

The City is a municipal government that is governed by a separately elected governing body. It is legally separate from and fiscally independent of other state and local governments. The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations. The governmental component units are combined into one column in the government-wide financial statements and condensed financial information is presented in Note 3.H. in the notes to the financial statements. The Douglas Housing Authority is presented in the combining statements as a discretely presented component unit; however, Douglas Housing Corporation I and Douglas Housing Corporation II are not included in the combining statements because they are audited by other auditors and have separately issued financial statements. The business-type component unit consists of only Rancho La Perilla and is presented in one column of the government-wide financial statements. See the descriptions below of each of the blended and discretely presented component units.

Blended component unit:

Douglas Municipal Property Corporation – The Douglas Municipal Property Corporation's (DMPC) board of directors consists of six members which are appointed by the Douglas City Council. The DMPC, which is a nonprofit corporation incorporated under the laws of the State of Arizona, was formed for the sole purpose of assisting the City in obtaining financing for various projects of the City. The City has a "moral obligation" for the repayment of the Douglas Municipal Property Corporation's bonds. All related receivables and payables between the City and the DMPC have been eliminated. Separate financial statements for the Douglas Municipal Property Corporation are not prepared.

A. Reporting Entity (Continued)

Discretely presented component units:

Douglas Housing Authority – The Douglas Housing Authority is a public benefit corporation created by the City to eliminate the financial burden on the City to provide subsidized public housing in accordance with federal legislation. The Mayor appoints members of the Governing Board for staggered terms; they, in turn, elect a chairman. The Governing Board employs executives, authorizes contracts of subsidy with the U.S. Department of Housing and Urban Development pursuant to the latter agency's regulations and statutory authorizations, and causes the corporation to construct, own and operate public housing facilities within the boundaries of the City. The financial liability of the housing agency is essentially supported by the operating and debt service subsidies received under contract from the federal government, although services or cash subsidies may be, and from time to time, are received from the City as well. Separate financial statements for the Douglas Housing Authority are not prepared.

Douglas Housing Corporation I (Casa De Esperanza Apartments) – The Douglas Housing Corporation I is a non-profit corporation created by the City to eliminate the financial burden on the City to provide financing for the construction of a low-income apartment complex. The City Council appoints members of the Governing Board for staggered terms; they, in turn, elect a chairman. The Governing Board employs executives, authorizes contracts of subsidy with the U.S. Department of Housing and Urban Development pursuant to the latter agency's regulations and statutory authorizations, and causes the corporation to construct and operate a low-income apartment complex of fifty units for families under Section 221(d)(3) of the National Housing Act. Such projects are regulated by the United States Department of Housing and Urban Development (HUD) as to rent charges and operating methods. The financial liability of the corporation is supported by the operating subsidies received under contract from HUD. The audited financial statements of the Douglas Housing Corporation I may be obtained at the offices of the corporation.

Douglas Housing Corporation II (Pioneer Village) – The Douglas Housing Corporation II is a non-profit corporation created by the City to eliminate the financial burden on the City to provide financing for the construction of a low-income apartment complex. The City Council appoints members of the Governing Board for staggered terms; they, in turn, elect a chairman. The Governing Board employs executives, authorizes contracts of subsidy with the U.S. Department of Housing and Urban Development pursuant to the latter agency's regulations and statutory authorizations, and causes the corporation to construct and operate a low-income apartment complex of twenty-eight units for the elderly under Section 221(d)(3) of the National Housing Act. Such projects are regulated by the United States Department of Housing and Urban Development (HUD) as to rent charges and operating methods. The financial liability of the corporation is supported by the operating subsidies received under contract from HUD. The audited financial statements of the Douglas Housing Corporation II may be obtained at the offices of the corporation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Douglas Community Housing Corporation (Rancho La Perilla Apartments) – The Douglas Community Housing Corporation is a non-profit 501(c)(3) corporation created by the City to eliminate the financial burden on the City to provide financing for the construction and operation of apartments. The City Council appoints members of the Governing Board; they, in turn, elect a chairman. The Governing Board employs executives, authorizes contracts, and causes the corporation to construct and operate an apartment complex of 80 units. The Community Housing Corporation has appointed a management corporation to promote the apartments and manage the daily activities of the apartments. The financial liability of the Corporation is solely dependent upon the rental revenue received from the tenants. Financial statements of the Douglas Community Housing Corporation may be obtained at the offices of the corporation.

Separately issued financial statements for Casa de Esperanza, Pioneer Village and Rancho La Parilla have been prepared in conformity with the Statement of Financial Accounting Standards No. 117, "Financial Statements of Not-for-Profit Organizations" and are available from the Essex Corporation.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the activities of the primary government and its component units. The effect of interfund activity has been removed from these statements except for interfund services provided and used, which are not eliminated in the consolidation. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due. However, since debt service resources are provided during the current year for payment of long-term principal and interest due early in the following year, the expenditures and related liabilities have been recognized in the Debt Service Funds.

Property taxes, intergovernmental grants and aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

Major Governmental Funds

General Fund

The General Fund is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

MPC Debt Service Fund

The MPC Debt Service Fund accounts for the accumulation of resources for, and the payments of, the MPC debt service principal, interest and related debt.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major proprietary funds:

Major Proprietary Funds

Water Fund

The Water Fund accounts for the costs to operate, construct and finance the City's water system.

Sewer Fund

The Sewer Fund accounts for the costs to operate, construct and finance the wastewater treatment system.

Solid Waste Fund

The Solid Waste Fund accounts for the costs to operate, construct and finance the City's solid waste operations.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for the business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges for services. Operating expenses for the proprietary funds include the cost of sales and services and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, for governmental activities it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. For business-type activities, the use of restricted resources is governed by the applicable bond covenants.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

The primary government and component unit cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the State Treasurer, and highly liquid investments with maturities of three months or less from the date of acquisition.

Cash and investments are pooled except for funds required to be held by fiscal agents or restricted under provisions of bond indentures. Interest earned from investments purchased with such pooled monies is allocated to each of the funds based on the average daily cash balances. The City Council-approved investment policy authorizes the City to invest in obligations of the U.S. government which do not exceed three years in maturity and are guaranteed by the U.S. Treasury; Certificates of Deposit or other deposits in FDIC insured banks; obligations of FNMA and FHMA which mature the next business day; repurchase agreements of less than \$5,000 which mature on the next business day; and the Local Government Investment Pools managed by the State Treasurer. Additionally, the trustee of the City's employee retirement plan holds certain City funds in a money market mutual fund.

The governmental and business-type component units invest cash and investments in local financial institutions and the state's Local Government Investment Pools managed by the State Treasurer.

2. Receivables

All trade and property taxes receivables are shown net of an allowance for uncollectibles. All revenues of governmental activities were considered collectible and therefore there was no provision, the business-type activities reported an allowance of \$41,118.

Cochise County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. However, a lien against real and personal property assessed attaches on the first day of January preceding assessment and levy thereof.

3. Intergovernmental Receivables

Intergovernmental receivables include state shared revenues and federal and state grants.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

4. Short-Term Interfund Receivables/Payables

During the course of operations, individual funds within the City's pooled cash accounts may borrow money from the other funds within the pool on a short-term basis. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet of the fund financial statements and are eliminated in the preparation of the government-wide financial statements.

5. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption. Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories are recorded as expenditures at the time of purchase in the governmental funds and are expensed in the governmental activities, business-type activities and proprietary funds when the resources are used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

6. Restricted Assets

The City's component units also record restrictions on certain assets for replacement reserves, residual receipts and funds with the escrow agent for requirements set forth by the holder of the mortgage notes payable.

7. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year.

Upon implementation of GASB Statement No. 34, all phase I and II governments were required to report infrastructure assets acquired by the government since 1980. The City reports all infrastructure acquired since 1980, as well as pre-1980 infrastructure assets acquired or constructed by the City and report those assets at cost, if available, or the estimated fair value of the asset at the time of acquisition or construction.

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

7. Capital Assets (Continued)

Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

Buildings and improvements	30 Years
Improvements other than buildings	6 to 50 Years
Wastewater system	6 to 50 Years
Water system	6 to 50 Years
Infrastructure	6 to 50 Years
Furniture, machinery and equipment	3 to 6 Years
Vehicles	5 to 7 Years

8. Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary statements consists of unpaid, accumulated leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

9. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statements of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

10. Net Assets

In the government-wide financial statements, net assets are reported in three categories: net assets invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. Net assets invested in capital assets, net of related debt is separately reported because capital assets make up a significant portion of total net assets. Restricted net assets account for the portion of net assets restricted by parties outside the City. Unrestricted net assets are the remaining net assets not included in the previous two categories.

11. Fund Balance Classifications

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable and spendable fund balances. Spendable fund balances include restricted, committed, assigned and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form such as inventories, or are legally or contractually required to be maintained intact.

Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations. The committed fund balances are self-imposed limitations approved by the City's Council, which is the highest level of decision-making authority within the City and the formal commitment must occur prior to fiscal year end. Only the City Council can remove or change the constraints placed on committed fund balances through formal council action. Assigned fund balances are resources constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The City Council has authorized the City Manager to make assignments of resources for a specific purpose. The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred, for purposes for which both restricted and unrestricted fund balance is available, the City's policy is to use restricted fund balance first, then unrestricted fund balance. When an expenditure is incurred for purposes for which committed, assigned and unassigned are available, the City uses, committed, assigned and finally unassigned amounts.

**CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the City Manager submits a proposed budget for the fiscal year commencing the following July 1, to the City Council. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayer comment.
3. Prior to the third Monday in August, the expenditure limitation for the City is legally enacted through passage of an ordinance. To ensure compliance with the expenditure limitation, a uniform expenditure report must be filed with the State each year. This report, issued under a separate cover, reconciles total City expenditures from the audited basic financial statements to total expenditures for reporting in accordance with the State's uniform expenditure reporting system (A.R.S. §41-1279.07).
4. Expenditures may not legally exceed the expenditure limitation of all fund types as a whole. For management and legal purposes, the City Council adopts a budget by department for the General Fund and in total by other funds. The City Manager may at any time transfer any unencumbered appropriation balance or portion thereof between a department or activity.
5. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures. No budget was appropriated for the MPC Debt Service and Capital Projects Fund during the fiscal year.

The City is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the City to spend more than budgeted revenues plus the carryover unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The City complied with this law during the year.

No supplementary budgetary appropriations were necessary during the year.

**CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Assets

1. Deposits and Investments

Deposits and investments at June 30, 2012 consist of the following:

Deposits:	
Cash on Hand	\$ 2,986
Cash in Bank	3,607,553
Cash on Deposit with County Attorney	377,495
Investments:	
State Treasurer's Investment Pool	3,699,914
Cash on Deposit with Trustee	454,428
Total Cash and Investments	\$ 8,142,376

Deposits

The carrying value of the City's deposits at June 30, 2012 was \$3,607,553 and the bank balance was \$3,746,345. Of the bank balance, \$1,278,556 was covered by federal depository insurance, \$208,688 was covered by collateral held by the City's custodial bank in the City's name, and \$2,259,101 was uninsured and uncollateralized. The deposits held by the trustee were insured by federal depository insurance or were collateralized by securities held by the pledging financial institution in the trustee's name.

Investments

The State Board of Deposit provides oversight for the State Treasurer's pools, and the Local Government Investment Pool Advisory Committee provides consultation and advice to the Treasurer. The fair value of a participant's position in the pool approximates the value of that participant's pool shares. The shares are not identified with specific investments and are not subject to custodial credit risk.

The City's cash on deposit with the trustee are invested in U.S. Government securities. The securities were not rated and were not subject to credit risk.

Interest Rate Risk – In accordance with the City's investment policy, the City manages its exposure to declines in fair value by limiting the City's investment portfolio in maturities of more than one year to less than 20% of total investments.

The City's investments at June 30, 2012 consist of the following:

Investment Type	Amount	Interest - Risk: Maturity in Years		
		Less than 1	1-2	2-3
State Treasurer's Investment Pool 5	\$ 3,023,064	\$ 3,023,064	\$ -	\$ -
State Treasurer's Investment Pool 500	676,850	-	676,850	-
	\$ 3,699,914	\$ 3,023,064	\$ 676,850	\$ -

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Assets (Continued)

1. Deposits and Investments (Continued)

Concentration of Credit Risk – The City does not have a formal investment policy regarding the concentration of credit risk. However, the City invests in funds authorized by Arizona state law and currently only invests in the State Treasurer Investment Pool.

Custodial Credit Risk – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a formal investment policy regarding custodial credit risk.

Credit Risk – The City does not have a policy related to credit risk. The City's deposits and investments consist of insured or collateralized deposits and investments in U.S. Government Securities, U.S. Treasury Notes and the State Treasurer's Investment Pool. The City's investment in the State Treasurer's investment pool did not receive a credit quality rating from a national rating agency.

Cash and investments of the component unit's at June 30, 2012 consist of the following:

Deposits:	
Cash on Hand	\$ 100
Cash in Bank	722,983
Investments:	
Funds Held by Mortgage	546,608
Restricted Assets	(606,117)
Total Cash and Cash Equivalents	<u>\$ 663,574</u>

The carrying value of the component unit's deposits at June 30, 2012 was \$722,983 which was entirely covered by federal depository insurance.

2. Restricted Assets

Restricted assets of the discretely presented component units at June 30, 2012 consisted of the following

Funds Held by Mortgage	\$ 546,608
Tenant Deposits	59,509
Total Restricted Assets of the Component Units	<u>\$ 606,117</u>

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

B. Interfund Receivables, Payables and Transfers

As of June 30, 2012 interfund receivable and payables were as follows:

	Due To
Due From	General Fund
Nonmajor Governmental Funds	\$ 241,391

The above interfund receivables and payables were recorded to cover a cash deficit at year-end. Funds were received subsequent to June 30, 2012 to cover the deficit.

Interfund transfers for the year ended June 30, 2012 consisted of the following:

	Transfers In			
	General Fund	MPC Debt Service Fund	Nonmajor Governmental Funds	
Transfers Out				
General Fund	\$ -	\$ 321,547	\$ 1,471,554	\$ 1,793,101
Nonmajor Governmental Funds	218,417	162,910	271,177	652,504
Water Fund	60,129	-	31,607	91,736
Sewer Fund	56,485	-	2,192	58,677
Solid Waste Fund	324,598	-	2,740	327,338
	\$ 659,629	\$ 484,457	\$ 1,779,270	\$ 2,923,356

Transfers were used to fund debt service and to fund capital outlay and indirect administrative costs. General Fund transfers were also used to subsidize the operating costs of Nonmajor Governmental Funds. The Business-type funds were used to allocate a percentage of their costs of goods sold to the General Fund for indirect administrative costs and to allocate the cost of the use of certain facilities owned and operated by the General Fund.

C. Obligations Under Capital Leases

The City has acquired communication equipment, lawn mowers, and golf carts under the provisions of long-term lease agreements classified as capital leases. Accordingly, the principal amount of the assets totaling \$1,337,089 capitalized as governmental activities.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

C. Obligations Under Capital Leases (Continued)

The assets acquired through capital leases are as follows:

	Governmental Activities
Asset:	
Furniture, Equipment and Vehicles	\$ 1,337,089
Less: Accumulated Depreciation	(434,507)
Total	\$ 902,582

Amortization expense on the capital leases is included in depreciation expense.

The future minimum lease payments under the capital leases, together with the present value of the net minimum lease payments as of June 30, 2012, were as follows:

Year Ended June 30,	Governmental Activities	
	Principal	Interest
2013	282,474	14,415
2014	94,678	4,340
2015	30,837	1,769
2016	23,742	515
Total	\$ 431,731	\$ 21,039

D. Call Center Lease Revenue

During fiscal year 2009, the City established a lease agreement for the City's new call center. Revenue related to this lease totaled \$715,478 during this fiscal year. Future minimum lease payments related to the call center lease are as follows:

Year Ended June 30,	Amount
2013	\$ 693,288
2014	670,182
2015	647,076
2016	647,076
2017	647,076
2018 - 2022	3,073,596
2023 - 2024	901,278
	\$ 7,279,572

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Long-Term Obligations

The City has long-term bonds and loans payable issued to provide funds for the acquisition and construction of major capital facilities. The debt is being repaid by the Highway User Revenue and Debt Service Funds. Compensated absences are paid by the applicable fund where each employee is regularly paid, primarily the General Fund.

The City of Douglas, Arizona reports the following outstanding bonds:

Description	Maturity	Interest Rate (%)	Outstanding at June 30, 2012
Revenue Bonds			
Municipal Property Corporation Excise Tax Refunding Bond, Series 2004; original issue			
\$4,165,000	7/1/12-15	2.00-3.50%	<u>\$ 1,365,000</u>

The City has pledged future excise taxes to repay \$4.2 million in governmental excise tax refunding bonds issued in 2004. Proceeds of the bonds were used to refund and refinance the outstanding excise tax revenue bonds, series 1995 and highways and streets revenue bonds, Series 1996. The bonds are payable solely from excise taxes and are payable through 2015. Annual principal and interest payments on the bonds are expected to require approximately 12 percent of excise tax revenues recorded in the HURF and Debt Service Funds. The total principal and interest remaining to be paid on the bonds is \$1,459,362. Principal and interest paid for the current year and total excise taxes were \$484,457 and \$5,825,402, respectively.

**CITY OF DOUGLAS, ARIZONA

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Long-Term Obligations (Continued)

The City of Douglas, Arizona reports the following outstanding loans:

<u>Description</u>	<u>Maturity</u>	<u>Interest Rate (%)</u>	<u>Outstanding at June 30, 2012</u>
Governmental Activities			
Loans Payable:			
Greater Arizona Development Authority, Series 2008A; original issue \$3,000,000	8/1/12-28	4.00-5.25%	\$ 2,610,000
The Industrial Development Authority of the City of Douglas, Arizona. Original issue \$400,000	7/1/12-14	0%	180,000
Call Center Purchase Agreement; collateralized by the building and equipment acquired with the debt; original issue \$9,000,000	7/31/12-28	4.29-5.63%	<u>6,365,000</u>
Total Governmental Loans Payable			<u><u>\$ 9,155,000</u></u>
Business-Type Activities			
Water Infrastructure Finance Authority of Arizona Issued 2009-2010	7/1/12-29	2.00%	\$ 4,663,688
Water Infrastructure Finance Authority of Arizona Issued 2009-2010	7/1/12-27	2.814%	<u>1,264,761</u>
Total Business-Type Loans Payable			<u><u>\$ 5,928,449</u></u>

The City has pledged future state shared revenue tax, state shared sales tax, City sales tax, transaction privilege tax and other miscellaneous revenues to repay \$3.0 million in GADA loans, Series 2008A. Proceeds of the loan provided financing for the development center project, including the purchase and renovation of buildings, land purchase, and upgrades and renovations to the existing City Hall. The loan is payable solely from pledged revenues discussed previously and are payable through 2029. Annual principal and interest payments on the bonds are expected to require less than 3 percent of pledged revenues. The total principal and interest remaining to be paid on the loan is \$3,943,519. Principal and interest paid for the current year and total excise taxes were \$233,775 and \$9,383,676.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

E. Long-Term Obligations (Continued)

In 2009, the City issued loans totaling \$9,000,000 for the acquisition and construction of a call center. The loan is payable from a 0.3 percent City sales tax, plus unused lease revenues received on the lease agreement with a third party. The lease of the call center is a 13 year lease with annual payments of \$693,288 plus taxes and utilities. The lease revenues are to be used for maintenance and operations costs, then for payment of the debt. Annual principal and interest payments on the loans are expected to require more than 100 percent of the committed sales tax and 83 percent of the lease revenues through the fiscal year 2014. For fiscal years 2015 through 2029, the annual principal and interest payments on the loans are expected to require 95 percent of the City sales tax in 2015, declining each year to 53 percent in 2029. The call center lease agreement expires fiscal year 2023; however, the City does not anticipate using any lease revenue to fund the debt service payments after fiscal year 2014. The total principal and interest remaining to be paid on the loan is \$9,991,964. Principal and interest paid for the current year and the City sales tax and lease revenues were \$1,091,310 and \$1,242,698.

The City has two loans through the Water Infrastructure Financing Authority of Arizona (WIFA). The loans are structured where the City draws on the loans as funds are needed. To-date, the City has drawn down \$0.9 million and \$5.1 million from the total authorized loan of \$1.5 million and \$9.0 million, respectively, for the acquisition and construction of water and sewer facilities and improvements. The loans are payable from water and sewer charges for services through the fiscal year 2025. The City draws the loan as funds are utilized and pays interest on the outstanding principal balance. Annual principal and interest payments on the bonds are expected to require approximately 65-75% percent of net available revenue. The total principal and interest remaining to be paid on the loan is \$6,854,402. Principal and interest paid for the current year and total pledged revenues were \$587,197 and \$742,509.

The City's component units have outstanding mortgage notes payables collateralized by an insured mortgage on the projects land and buildings. The notes are being repaid through federal subsidies and tenant rents. The governmental component units' outstanding debt consisted of interest only mortgage notes payable at 1% per annum. The future principal payments are scheduled based on estimated principal retirement. The component units pay principal as cash is available; the maturity date of the outstanding debt is May 1, 2042.

**CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

G. Prior Period Adjustment

The beginning net assets/fund balance were restated in the Government-wide and General Fund financial statements, respectively, to correct an error in the previously issued financial statements. The City recorded, in error, \$627,700 provided to Rancho La Perilla directly from the Arizona Department of Housing as a note receivable from component units, thereby overstating due from component units and fund balance/net assets in prior years. In addition, the City incorrectly accrued interest (\$339,295) on the overstated balance at a rate of 6%, overstating the amount due from the component unit and net assets/fund balance. The following adjustments are necessary to reconcile beginning net assets/fund balance to the prior year audited financial statements:

	Net Assets/ Fund Balance Beginning of Year	Restatement	Net Assets/ Fund Balance as Restated
Governmental Activities	<u>\$ 21,472,366</u>	<u>\$ (966,995)</u>	<u>\$ 20,505,371</u>
Governmental Funds			
General Fund	\$ 5,709,466	\$ (966,995)	\$ 4,742,471
MPC Debt Service Fund	-	-	-
Nonmajor Governmental Funds	<u>2,190,673</u>	<u>-</u>	<u>2,190,673</u>
Total Governmental Funds	<u>\$ 7,900,139</u>	<u>\$ (966,995)</u>	<u>\$ 6,933,144</u>

The beginning net assets of the proprietary-type component unit was restated by \$339,295 to increase net assets and reduce the amount due to the primary government for the overstatement of accrued interest. The \$627,700, discussed above, was reclassified in the proprietary-type component unit as a loan payable to the Arizona Department of Housing and the \$339,295 was removed as a liability and increased beginning net assets. The following is a summary to reconcile beginning net assets to the prior year audited financial statements:

	Net Assets Beginning of Year	Restatement	Net Assets as Restated
Proprietary-type Component Unit	<u>\$ (1,282,600)</u>	<u>\$ 339,295</u>	<u>\$ (943,305)</u>

NOTE 4 OTHER INFORMATION

A. Risk Management

The City of Douglas, Arizona, is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City's insurance protection is provided by a private carrier (Travelers), of which the City is a participating member. The limit for basic coverage is for \$1,000,000 per occurrence on a claims made basis. Excess coverage is for an additional \$5,000,000 per occurrence on a follow form, claims made basis. No significant reduction in insurance coverage occurred during the year and no settlements exceeded insurance coverage during any of the past three fiscal years.

The City is also insured by State Compensation Fund for workers compensation for potential worker related accidents.

B. Contingent Liabilities

Lawsuits

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's legal counsel, the City has some exposure to loss; however, the City is vigorously defending these claims and any loss or dollar value of the loss is not determinable.

C. Commitments

The City has two committed projects that will be funded through the Water Infrastructure Authority of Arizona (WIFA) in the amount of \$1.5 million and \$9.0 million. The projects are for drinkwater and wastewater, respectively. As of June 30, 2012, the City had no construction commitments related to either project, but spent and drew down \$6.0 million; the WIFA funds, negotiated as a loan, have an available balance in the amount of \$0.6 million and \$3.9 million. Annual principal and semi-annual interest payment will be due through 2027 when the City begins to draw upon the loan.

The City entered into a loan agreement in the amount of \$400,000 to fund the acquisition of the Hidden Treasurers RV Park. The City has not drawn on the available \$400,000; however, principal and interest will be due on any outstanding balance drawn by the City.

The City entered into a settlement agreement related to on-going litigation related to a civil matter. The settlement agreement releases either party of any continued litigation. Under the settlement agreement, the City is required to pay \$350,000; however, the party receiving payment has credit the City \$23,100 under the settlement agreement for sewer development fees. The settlement is structured such that the remaining \$326,900 on the \$350,000 settlement will be paid by the City in installments; the first installment of \$75,000 was paid on October 27, 2011 and three annual payments of \$70,000 will be made on October 27th through 2014 and the final payment will be due on October 27, 2015. There will be no interest on the settlement amount of the unpaid balance.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Subsequent Events

Subsequent to June 30, 2012 the City entered into a lease purchase agreement for the purchase of a fire truck. The Lease has a total principal amount of \$1,100,060 with an annual interest rate of 2.21%. The lease requires annual principal and interest payments of \$170,586 through November 2019.

In July 2012, the City entered into a lease purchase agreement for the purchase of a backhoe. The lease has a total principal amount of \$105,850 with an annual interest of 2.03%. The lease requires semi-annual principal and interest payments of \$11,184 through July 2017.

In November 2012, the City has signed a lease-purchase agreement with the intent to purchase a Vac-Con Truck. The lease agreement has yet to be executed; however, the lease would require ten semi-annual payments of \$30,788 at 2.03% per year for a total principal value of \$281,384.

E. Retirement Plans

Arizona State Retirement System

Plan Descriptions

The City of Douglas, Arizona contributes to a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health care plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan, all of which are administered by the Arizona State Retirement System. The Arizona State Retirement System (through its Retirement Fund) provides retirement (i.e., pension), death, and survivor benefits; the Health Benefit Supplement Fund provides health insurance premium benefits (i.e., a monthly subsidy); and the Long-Term Disability Fund provides long-term disability benefits. Benefits are established by state statute. The System is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The System issues a comprehensive annual financial report that includes financial statements and required supplementary information. The most recent report may be obtained by writing the System, 3300 North Central Avenue, P.O. Box 33910, Phoenix, AZ 85067-3910 or by calling (602) 240-2000 or (800) 621-3778.

E. Retirement Plans (Continued)

Arizona State Retirement System (Continued)

Funding Policy

The Arizona State Legislature establishes and may amend active plan members' and the City of Douglas, Arizona's contribution rates. For the year ended June 30, 2012, active plan members were required by statute to contribute at the actuarially determined rate of 10.74 percent (10.50 percent for retirement, and 0.24 percent for long-term disability) of the members' annual covered payroll and the City of Douglas, Arizona was required by statute to contribute at the actuarially determined rate of 10.74 percent (9.85 percent for retirement, 0.65 percent for health insurance premium, and 0.24 percent for long-term disability) of the members' annual covered payroll. The City's contributions to the ASRS for the years ended June 30, 2012, 2011, and 2010, which were equal to 100 percent of the required contributions for each year, were as follows:

<u>Year Ended June 30,</u>	<u>Retirement Fund</u>	<u>Health Benefit Supplement Fund</u>	<u>Long-Term Disability Fund</u>
2012	\$ 404,836	\$ 26,715	\$ 9,864
2011	396,381	25,956	10,998
2010	387,508	50,559	24,078

Public Safety Personnel Retirement System (PSPRS)

Plan Description

The City contributes to the Public Safety Personnel Retirement System (PSPRS), an agent multiple-employer, public employee retirement system that acts as a common investment and administrative agent to provide retirement and death and disability benefits for public safety personnel who are regularly assigned hazardous duty in the employ of the State of Arizona or a political subdivision thereof. All benefit provisions and other requirements are established by State statute. The Public Safety Personnel Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for PSPRS. That report may be obtained by writing to Public Safety Personnel, 1020 E. Missouri Ave., Phoenix, AZ 85014 or by calling (602) 255-5575.

Funding Policy

Covered employees are required to contribute 7.65 percent of their annual salary to the PSPRS. The City is required to contribute the remaining amounts necessary to fund the PSPRS, as determined by the actuarial basis specified by statute. The current rate is 29.85 and 35.23 percent of annual covered payroll for Police and Fire, respectively.

CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 4 OTHER INFORMATION (CONTINUED)

E. Retirement Plans (Continued)

Public Safety Personnel Retirement System (PSPRS) (Continued)

Annual Pension Cost

During the year ended June 30, 2012, the City of Douglas, Arizona's annual pension cost of \$569,043 for police and \$435,560 for fire was equal to the City of Douglas, Arizona's required and actual contributions.

The required contribution was determined as part of the June 30, 2010 actuarial valuation using an entry age actuarial funding method. Significant actuarial assumptions used in determining the entry age actuarial accrued liability related to the PSPRS plan and related OPEB health insurance subsidy include (a) a rate of return on the investment of present and future assets of 8.5% per year compounded annually, (b) projected salary increases of 6.5% (including inflation at 5.0%) per year compounded annually, and (c) additional projected salary increases of 0.0% to 3.0% per year attributable to seniority/merit.

Funded Status and Funding Progress

As of June 30, 2011, the most recent actuarial valuation date, the plan for police was 49.3 percent funded and the plan for fire was 44.9 percent funded. The actuarial accrued liability for benefits was \$15.1 million and \$11.0 million for police and fire, respectively; and the actuarial value of assets was \$7.4 million and \$4.9 million, respectively; resulting in an unfunded actuarial accrued liability (UAAL) of \$7.6 million and \$6.0 million, respectively. The covered payroll (annual payroll of active employees covered by the plan) for police and fire was \$1.8 million and \$1.2 million, and the ratio of the UAAL to the covered payroll was 427.7 percent and 517.4 percent, respectively.

Funded Status and Funding Progress (Continued)

As of June 30, 2011, the OPEB plan for police and fire was 0.0 percent funded. The actuarial accrued liability for benefits was \$0.4 million and \$0.2 million for police and fire, respectively; and the actuarial value of assets was \$0.0 million for police and fire; resulting in an unfunded actuarial accrued liability (UAAL) of \$0.4 million and \$0.2 million, respectively. The covered payroll (annual payroll of active employees covered by the plan) for police and fire was \$1.8 million and \$1.2 million, and the ratio of the UAAL to the covered payroll was 20.6 percent and 20.1 percent, respectively.

**CITY OF DOUGLAS, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 4 OTHER INFORMATION (CONTINUED)

E. Retirement Plans (Continued)

Public Safety Personnel Retirement System (PSPRS) (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The City of Douglas, Arizona's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2011, was 20 years.

The preceding methods comply with the financial reporting standards established by the Governmental Accounting Standards Board.

CITY OF DOUGLAS, ARIZONA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
YEAR ENDED JUNE 30, 2012

NOTE 1 BASIS OF ACCOUNTING

The General Fund budgetary comparison schedule is prepared on a budgetary basis of accounting. See Note 3 for a reconciliation of the General Fund Budgetary Comparison Schedule to the Statement of Revenues, Expenditures and Changes in Fund Balances.

NOTE 2 BUDGETARY INFORMATION

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the City Manager submits a proposed budget for the fiscal year commencing the following July 1, to the City Council. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayer comment.
3. Prior to the third Monday in August, the expenditure limitation for the City is legally enacted through passage of an ordinance. To ensure compliance with the expenditure limitation, a uniform expenditure report must be filed with the State each year. This report, issued under a separate cover, reconciles total City expenditures from the audited basic financial statements to total expenditures for reporting in accordance with the State's uniform expenditure reporting system (A.R.S. §41-1279.07).
4. Expenditures may not legally exceed the expenditure limitation of all fund types as a whole. For management and legal purposes, the City Council adopts a budget by department for the General Fund and in total by other funds. The City Manager may at any time transfer any unencumbered appropriation balance or portion thereof between a department or activity.
5. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures. No budget was appropriated for the MPC Debt Service Fund during the fiscal year.

The City is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the City to spend more than budgeted revenues plus the carryover unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The City complied with this law during the year.

No supplementary budgetary appropriations were necessary during the year.

CITY OF DOUGLAS, ARIZONA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
YEAR ENDED JUNE 30, 2012

NOTE 3 BUDGETARY COMPARISON SCHEDULE RECONCILIATION

For external reporting purposes, the General Fund includes revenues, expenditures, other financing sources, and uses and fund balances of other internally maintained funds. The General Fund, however, is budgeted based on the internally maintained General Fund. Therefore the following reconciliation is necessary to reconcile the General Fund Budgetary Comparison Schedule to the Statement of Revenues, Expenditures and Changes in Fund Balances.

	Statement of Revenues Expenditures and Changes in Fund Balances	Adjustments	Budgetary Comparison Schedule - General Fund
Revenues	\$ 13,685,083	\$ (455,959)	\$ 13,229,124
Expenditures	12,656,638	(954,635)	11,702,003
Excess (Deficiency) of Revenues Over Expenditures	1,028,445	498,676	1,527,121
Other Financing Sources and (Uses)	(1,009,775)	(163,885)	(1,173,660)
Net Change in Fund Balance	18,670	334,791	353,461
Fund Balance, Beginning of Year	4,742,471	229,451	4,971,922
Fund Balance, End of Year	<u>\$ 4,761,141</u>	<u>\$ 564,242</u>	<u>\$ 5,325,383</u>

NOTE 4 EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Expenditures exceeded appropriations in the following funds:

	Amount of Overexpenditure
General Fund:	
Administration	\$ 15,040
Cemetery	13,789
Police	167,804
Fire	85,093
Emergency Medical Services	50,344
Recreation	9,134
Aquatics	1,319
Capital Outlay	161,637
Nonmajor Governmental Funds	
Police Grants Fund	60,770
Debt Service Fund	75,156

Cash was available to meet all of the overexpenditures listed above.

**COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES**

NONMAJOR GOVERNMENTAL FUNDS AND DISCRETELY PRESENTED GOVERNMENTAL COMPONENT UNITS

SPECIAL REVENUE FUNDS

Highway Users Fund (HURF) – accounts for the City’s share of state taxes on gasoline, diesel fuels, and other transportation related fees to be used solely for street and highway purposes. Eligible expenditures include the cost of right-of-way acquisitions, construction, reconstruction, maintenance, repair, roadside development of city roads, streets and bridges and the payment of the interest and principal on highway and street bonds.

Grants Fund – accounts for the activity of the City’s grants.

Police Grants – accounts for the activity of grants received by the City’s police department.

Local Transportation Assistance Fund (LTAF) – accounts for the City’s share of state lottery funds. Expenditures are restricted to transportation. Ten percent of revenues received may be used for culture and recreation with a match from other non-governmental sources.

JCEF Restricted Court Fund – accounts for the activity of the JCEF court receipts.

CAPITAL PROJECTS FUND

Capital Projects Fund – accounts for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

DEBT SERVICE FUND

Debt Service Fund – accounts for the accumulation of resources for, and the payments of, debt service principal, interest and related debt.

DISCRETELY PRESENTED GOVERNMENTAL COMPONENT UNITS

Douglas Housing Authority – accounts for the activity of the Douglas Housing Authority (DHA) which is a public benefit corporation created by the City to eliminate the financial burden on the City to provide subsidized public housing in accordance with federal legislation. Stand alone financial statements are not presented for the DHA.

STATISTICAL SECTION (UNAUDITED)

This section of the City of Douglas, Arizona's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, sales tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

See the table of contents for page numbers of the schedules that encompass the above sections.
